

Scientific Panel

SB 203: Warning Labels on Sugary Drinks

The following are members of a nonpartisan national panel of nutrition and public health experts. This panel agrees that the warning statement below is based on strong scientific evidence and that the evidence supports the placement of this warning on sugar-sweetened beverages (for example, calorically sweetened sports and energy drinks, vitamin waters, sodas, etc.).

**STATE OF CALIFORNIA SAFETY WARNING:
Drinking beverages with added sugar(s)
contributes to obesity, diabetes, and tooth decay.**
